Getting Here

Gardenstown is a dramatic and unspoiled fishing village 8 miles east of Macduff. The B9031 goes past the road into the village. For 273 bus times from Banff (not Sundays) please go to www.aberdeenshire.gov.uk/publictransport/timetables.

Parking

Parking is available at New Ground, to the east of Gardenstown beyond industrial units and at the start of the footpath to Crovie. The traditional nature of the village means that parking is limited, but you will find spaces elsewhere - please be aware of access for residents. Some parking is possible on the roadside down from the Church and by the harbour, particularly near Harbucks and the Harbour toilets. If you are new to the village we suggest you do not drive along the sea-front to Seatown, it is narrow and difficult to negotiate. Please be aware that both Main Street and High Street are cul-de-sacs with limited parking.

Disabled Access

Due to the traditional nature of the village, and the buildings, few venues are very access friendly. However, volunteers at the venues will try their best to assist visitors where possible. Please note that some Venues are approached only by stairs - Venues 6, 7, 9, 10, 11

My paintings are inspired by local countryside and coastal views. Most paintings are acrylic and some contain sea glass and pebbles. This year inspired by the beauty of Gardenstown I have painted several acrylics of local landscapes, Crovie, Gardenstown, rural and sea views also highland cows, thistles and a few ink sketches of local streets. In some of the boxed canvases I have used sea glass and pebbles to create a vibrant 3D effect.
